PROFILE

Holder of a Master's degree in Accounting, Control, and Auditing, I have developed strong knowledge in financial analysis, accounting standards, and audit methodology.

After graduated, I did a one-year Working Holiday Visa in New Zealand to enhance my adaptability, autonomy, English proficiency, and to experience a new culture.

Currently working as a financial auditor at EY Nantes, I am willing to relocate in Luxembourg for the start of the 2025 academic year to develop my career in an international environment while working in a familiar field.
